PT 5137 WP **Little Giant**

Heat-Pump Dryer

Whatever your space, there's now a Miele to fit

PT 5137 WP **Little Giant** Heat-Pump Dryer

Overview

This efficient and robust Little Giant saves space and energy - with heat-pump technology it delivers high-performance tumble drying on the smallest of footprints, combined with a potential saving of up to 50% energy consumption costs.

With a load capacity of 6.5kg and needing only half a square meter of floor space this addition to the Little Giant range can be stacked with other machines from the range creating a space-saving laundry delivering exceptional results.
